Virginia deRochemont	Carl Akerly

SELECTMEN'S LETTER

Probably never before have Newington selectmen been more subjected to the criticism of their constituents than the present board.

We would be less than truthful if we pointed to the past year as one of harmony and progress. There has been dissension, disagreement and even animosity among citizens and selectmen alike.

Two decisions faced by citizens during the year were probably most responsible for divided opinion of the community. The refinery vote of June 28, 1974, and the industrial moratorium vote of September 10, 1974. Both results were in direct contrast to the overwhelming majority opinions of the selectmen and Planning Board. Unfortunately both results were followed shortly thereafter by a national economic recession with resultant high unemployment and scarce and expensive energy supplies. Only the future will tell who was right or wrong.

More progressive, however, was the completion of the comprehensive sewer study and the initiation of a tax map for the community which should be completed this year.

Efforts of past years' planning did reach fruition and success, including the shopping mall complex and the eco-separator. The tax rate, the envy of all other communities, is illustrative of the good planning of the past.

The police department can be pointed to with pride for the selection of the new Chief of Police and the efficiency of its operation.

We would be remiss if we did not thank not only former Chief Navelski, but his predecessors for their

years of dedicated service to the community.

Included with this report is a letter explaining the various articles that you will be voting upon at your town meeting on March 4th.

SYDNEY H. FRINK,
Chairman
FREDERICK H. SMITH, Jr.
PAUL L. deROCHEMONT
Board of Selectmen

AUDITOR'S OPINION

Board of Selectmen
Town of Newington
Newington, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Newington, New Hampshire, for the year ended December 31, 1973. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the respective funds and account groups of the Town of Newington, New Hampshire, at December 31, 1973, and the results of operations of the respective funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented on pages 6, 8 and 10 are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been compiled from the accounting records which were subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

I.R. Lebel
Certified Public Accountant
February 11, 1974

BUILDING INSPECTOR REPORT

There were a total of 93 permits issued from March through December, 1974. There were a few new homes constructed and also some remodeling.

The majority of the permits issued were to the stores at The Newington Mall. Total cost of construction for 1974 was \$5,167,973.00; the Town received a total of \$830.50 for building permit fees.

It is the contention of this office that the building permit fee should be increased to at least \$1.00 per \$1,000.00.

It is also the contention of this office that the Town should accept the National Building Code, National Electric Code, and the Boca Plumbing Code.

VINCENT FRANK
Building Inspector

PLANNING BOARD

During the year of 1974 we have seen the completion of many of the large building projects in the commercial and industrial zones. The new Public Service power plant is now operational; Montgomery Ward's warehouse on Patterson Lane is complete; The Newington Plaza is nearly complete; Newington Park Associates have enacted their first building in Newington Park West; this building is a multi purpose building and will be completed to the tenant's specifications. This building does give the townspeople a chance to observe the type of construction and landscaping they intend to carry out in this project. The completion of these projects have added many millions of dollars to our tax base. This has allowed the Selectmen to reduce our property tax rate while most towns have had to increase

their tax rate. Such benefits do not happen without some sacrifice and inconvenience.

The Planning Board has tried to keep these things in mind before reaching a decision to approve or disapprove a project based on our best opinion for the overall benefit and welfare for the town.

The Planning Board has nearly completed the work on our proposed revision of the Zoning Regulations. Hopefully we can complete the remaining work so the town will be able to vote on this at our annual town meeting in March.

The Planning Board wishes to thank the Southeastern Regional Planning Commission and the many interested citizens of Newington for their assistance and helpful suggestions in the proposed revised Zoning Regulations. Adoption of the proposed regulations will give the Planning Board, Town officials, and the citizens a better regulation to control the future growth and welfare of the Town of Newington.

I wish to commend all the citizens who have attended our Planning Board meetings for their active interest in the affairs of the town.

ROBERT H. LAMSON
Chairman

BOARD OF ADJUSTMENT

The Board met in March, elected officers and adopted certain by-laws. It was decided to set a fee of \$10.00, for each public hearing called as new state statutes require the abut-tors to be notified by certified mail at the expense of the pe-titioner.

Decisions during the year included:

Variance granted Ray the Mover, Inc. to build an addi-tion to their existing building with less than required side yard.

Variance granted McDonalds, Inc. to expand existing building on Gosling Road, in accordance with architect's drawing, with less than required front yard.

Each of these variances was granted under specific restric-tions applied by the Board.

John R. Mazeau, Chairman

DOG OFFICERS REPORT

This year I received a total of 23 calls. A number of these were strays and after boarding them for ten days and unable to locate the owners they unfortunately had to be put to sleep. There were seven dogs killed on the highways and one dog had been shot and had to be buried.

I would like to thank the Animal Medical Center on Woodbury Ave., Portsmouth for their help and cooperation. They performed many services with no charge to the Town.

In November I attended the Dog Officers Seminar held in Concord which was very informative.

I have received numerous complaints regarding overturned garbage cans and I am sure it would be appreciated by many residents if whenever possible, pets could be tied or penned during the hours of 12:30 P.M. Sunday to 10:00 A.M. Monday.

Ernest R. Kaddy
Dog Officer

POLICE DEPARTMENT REPORT

The past year has been without question the busiest ever for the Police Department as it received 717 complaints or calls for assistance as compared to 367 in 1973. Investigations by the department's officers included 175 criminal offenses and 14 missing persons. There were 53 criminal arrests made during 1974 as compared to 31 in 1973.

In the area of highway safety, efforts of our officers resulted in 12 arrests for motor vehicle offenses and the issuance of 81 summonses, 80 warnings and 55 defective equipment tags. Officers assisted 159 motorists while on routine patrol and rendered assistance to other law enforcement agencies on 129 occasions. Again during 1974, no fatal accidents were recorded; however, 98 property damage and 3 personal injury accidents were investigated.

Police activities resulted in 134 cases being prepared for the Portsmouth District Court for both criminal and motor vehicle offenses.

The department's prevention and service program resulted in 24 residences being checked while owners were away and 124 business establishments or town buildings had unlocked doors and windows secured by officers on patrol. The department responded to 29 fire alarms, conducted 26 escorts and assisted in 11 ambulance calls. There were 84 burglar alarms recorded by officers.

The recent retirement of Chief Joseph Navelski after twelve years of outstanding and faithful service to the community is noted with sincere regret. The department wishes to join with the entire community in extending its gratitude to him and will endeavor to continue its responsibilities ever mindful of the guidance provided by Chief Navelski over the many years.

And once again, with the obvious increase of activity in the commercial and residential areas, the department would like to take this opportunity to remind residents that the Police Telephone (436-7033) is manned 24 hours a day at the Rockingham County Dispatch Center and officers are available to render any necessary assistance. The department also expresses

its appreciation to the residents of Newington who have again unselfishly assisted officers in the mutual goal of providing a safe and enjoyable community for all to enjoy.

Respectfully submitted,
John K. Stimson
Chief of Police

FIRE DEPARTMENT ANNUAL REPORT

For the year 1974 the fire department answered 59 alarms, 35 in town calls, 10 mutual aid calls, 14 in town false calls and 1 call to aid in a search for a lost person in Durham.

The fire department ambulance answered 47 calls and participated in 1 mock disaster in Dover.

In February 1974, at the Newington Fire Department Annual Meeting, Fire Chief William J. Young announced that he was retiring as of that date. The department members present accepted his resignation with deep regret and expressed their appreciation for his long and devoted service to the town and to the department.

The Board of Fire Engineers then announced the appointment of Walter H. Pickering, then Assistant Fire Chief, as Chief.

I wish at this time to extend my deepest and sincerest appreciation for their faith and confidence in affording me the opportunity to head the department.

The Annual Fireman's Ball was held in April, a good time was had by all and it was termed a huge success by all present.

A testimonial to honor Fire Chief William J. Young was given by the members of the department with the aid of the Ladies Auxiliary and many others who contributed their time and efforts. I again extend my thanks to all for making this occasion a great success.

On September 7th and 8th, eleven officers and men from the department attended a two-day training session at Meadow Wood Drill Yard in Fitzwilliam, New Hampshire, and the knowledge gained was utilized in the training of other members of the department, proving most worthwhile. Congratulations to the officers and men who attended and received diplomas.

**TOWN WARRANT
&
TOWN BUDGET**

NEWINGTON TOWN WARRANT STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newington in the County of Rockingham and said State qualified to vote in Town affairs:

You are hereby notified to meet at the Newington Civic Center in said Town on Tuesday, the Fourth Day of March next, 1975, to act upon Articles 1, 2, 3, and 4.

(The polls will be open at Ten O'Clock A.M. and unless extended by vote at the meeting will close at Six O'Clock P.M. The Town Meeting will resume at 7:30 P.M. to act on ensuing articles.)

Article 1. To choose in the manner provided by law one Selectman for a term of 3 years; one Trustee of Trust Funds for a term of 3 years; one Library Trustee for a term of 3 years; one member of Cemetery Committee for a term of 3 years; three members of the Budget Committee for a term of 3 years; 1 member of the Board of Fire Engineers for 6 years; a Superintendent of Cemetery, Town Clerk, Collector of Taxes, Town Treasurer, Highway Agent, Measurer of Woods, Surveyor of Lumber, Fence Viewers, Pound Keeper, 1 member of Budget Committee for a term of 1 year and all necessary Town Officers for the ensuing year.

Article 2. To see what action the Town will take regarding adoption of the Zoning Ordinance proposed by the Planning Board and the repeal of existing ordinances or parts thereof that are inconsistent with the provisions of the proposed ordinance.

Article 3. To see what action the Town will take regarding the adoption of three amendments to the Zoning Ordinance as proposed by a petition signed by

twenty-five or more registered voters.

Article 4. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purpose of paying the claim of the Estate of Lawrence Volz for its loss resulting from the failure of the Town to provide in its Accident and Health Insurance policy for each member of the Fire Department the amount of coverage promised.

Article 5. To see if the Town will vote to leave the care and maintenance of Town land and buildings to the selectmen.

Article 6. To see if the Town will vote to authorize the selectmen to administer or dispose of any real estate acquired or to be acquired by the Town through tax collectors deeds.

Article 7. To see if the Town will vote to authorize the selectmen to hire money on the credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

Article 8. To see if the Town will vote to adopt the following resolution: "Be it Resolved: That the Town of Newington will elect to approve of the inclusion of its officers and employees in the New Hampshire Retirement System of the State of New Hampshire, which system is provided for by RSA100-A (supp.); which in section 20 included officers and employees of towns and other political subdivisions of the State of New Hampshire; to be effective as of the date set by the Board of Trustees of the New Hampshire Retirement System."

Article 9. To see if the Town will authorize the Selectmen to acquire for the Town a parcel of land on the southeasterly corner of Fox Point Road and Bloody Point Road, Route 151, owned by the heirs of Earl and

Elsa Watson, at a price not to exceed \$60,000.00, not to include buildings thereon.

Article 10. To see if the Town will vote to require all businesses to obtain and display a License to transact business in the Town; such license to be issued by the Board of Selectmen at an annual fee of \$1.00; a penalty for operating without a license to be \$50.00 per day.

Article 11. To see if the Town will vote to adopt the By-Laws proposed by the Selectmen, relating to the licensing of Taxi Cabs.

Article 12. To see if the Town will vote to have the Town Office of Building Inspector appointed by the Board of Selectmen in place of the present system of elective office.

Article 13. To see if the Town will vote to designate as Historical District the land at Bloody Point which the Town has leased from the State for recreation purposes.

Article 14. SECTION 1) To see if the Town will enact an ordinance to limit the use of Airport Road to two axle vehicles only with a maximum load limit of 15,000 lbs, except by special permission of the Selectmen.

SECTION 2) Whoever violates any provision of this ordinance, shall upon conviction pay a fine of not more than \$50.00.

SECTION 3) This ordinance shall be effective upon passage.

Article 15. To see what action the Town will take regarding the following article submitted by petition of twenty-five or more registered voters: "To see if the Town will vote to rescind action taken at the annual Town Meeting of March 9, 1971, providing for the selection of the Chief of Police by the Board of Selectmen by appointment and return to the prior method of selecting

the Chief of Police through election by ballot. Upon passage of this article the position of Chief of Police shall appear on the March 1975 ballot." (Regardless of action taken, the office of Police Chief cannot appear on the 1975 ballot as this article will not be voted on until the 1975 Town Meeting.)

Article 16. To see if the Town will approve a uniform house numbering system to be devised by the Planning Board.

Article 17. To see if the Town will adopt the provisions of RSA 252, the enabling statute for municipal sewers, which will allow the Town at a subsequent date to establish a Board of Sewer Commissioners, to adopt pertinent ordinances and By-Laws and to assess the costs of design, construction and maintenance of the system to those property owners who benefit from it.

REVENUE SHARING ARTICLE

Article 18. To see if the Town will vote to appropriate \$29,000.00 for recreational purposes as provided in the budget and authorize the withdrawal of that amount from the Revenue Sharing Fund established under the provisions of the State and Local assistance act of 1972.

Article 19. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all town expenditures in the year ensuing as included in the budget.

Article 20. To hear the report of the Town Clerk on the election of Town Officers.

Given under our hands and seal this 13th day of February in the Year of Our Lord One Thousand Nine Hundred and Seventy-five.

SYDNEY H. FRINK

Chairman

FREDERICK H. SMITH, Jr.

PAUL L. deROCHEMONT

Board of Selectmen

We hereby certify that on this 14th Day of February, 1975, we posted a true and attested copy of the within warrant at the place of meeting within specified and a like copy at the Meeting House, a public place in the Town, and delivered the original to the Town Clerk.

***Final Payments**

Last fall the department sponsored a Harvest Ball for the first time and it proved to be a success. A Christmas party sponsored by the department and the Ladies Auxiliary was also enjoyed by all who attended.

In October, Engine 4 and a complement of officers and men participated in a large diameter hose relay, at the invitation of the North Hampton Fire Department, along with eight other area departments. Much worthwhile knowledge and information was gained.

Through my joining the newly formed Seacoast Fire Officers Association, the Newington Fire Department is assured the use of the Cascade system for filling our empty self-contained breathing units that is housed at the Hampton Fire Station, and a fire hose coupling machine also housed at the North Hampton Fire Station; these services are at no cost for life.

We have updated our department's equipment over the year and have been able to do so and stay within the allotted budget.

I wish to thank the citizens of the Town for their cooperation in fire prevention practiced over the past year; it has made our job much easier—Thank You. I also extend my thanks to the Ladies Auxiliary for their assistance over the year; it is greatly appreciated, also to the officers and men of the department for their cooperation and dedication to duty and the giving of their most valuable time to the department, the Town, and the citizens. I am of the opinion our department holds a place in its field second to none—Thank You.

WALTER H. PICKERING
Chief

FOREST FIRE WARDEN'S REPORT

Human carelessness is the number one cause of thousands of forest fires with the loss of millions of acres of woodlands in the United States each year.

Every forest fire takes its toll not only in the woodland loss but for the grazing and wild life that are destroyed, water stream is affected, floods follow. You and I can put an end to such shameful waste—let's make prevention our business by exercising these simple rules:

1. Before burning, secure a permit from your local warden—(The law requires it.)
2. Properly supervise your burning—don't leave it.
3. Make sure your fire is dead out before leaving it.
4. Don't throw down lighted matches, cigars or cigarettes and never toss these items from your car, use the ash tray.

The Town of Newington, during 1974, experienced a few woodland and grass fires, with very little loss.

The Newington Fire Department should be credited for the part they played in the prevention, by burning over a considerable amount of dead grassland within the Town. The townspeople and visitors are to be commended for their fire protection practices. Numerous burning permits were issued over the year.

I remind all citizens of the Town; the state law requires you obtain a permit from your local warden before burning and that there is to be no burning between the hours of 9:00 a.m. and 5:00 p.m. daily.

If you wish to burn, contact me for a permit. Keep up the good work.

WALTER H. PICKERING
Forest Fire Warden

PORTSMOUTH COMMUNITY HEALTH SERVICES, INC. REPORT

The Portsmouth District Nursing Association which was incorporated by this name in 1908 has changed its name to "Portsmouth Community Health Services, Inc." which services the area towns of Newington, Greenland, Newcastle, and Rye.

Since 1971 Community Health Services has provided home care for the sick and disabled, and clinics for child care and other preventative services to the citizens of Newington.

In November, two nurses serving Newington assisted in setting up a Flu Clinic, and follow-up clinic. The nurses are available at specified times at the Civic Center in Newington for people to discuss health problems or to seek information regarding health resources available. Visits are routinely made to new mothers and infants. An average of 8 visits a month since July have been made by nurses, home health aides and the physical therapist, to people in their homes.

Anyone wishing to avail themselves of the service should call Portsmouth Community Health Services at 436-0815.

MRS. ROBERT S. LAMSON
Town Representative

LANGDON PUBLIC LIBRARY REPORT

Langdon Library Hours:

Winter: Monday, Wednesday, Saturday; 1-6 p.m.; Monday, Wednesday, 9 a.m.-12 noon.

Summer: Monday, Wednesday, Saturday; 1-5 p.m.; Wednesday evening; 6-9 p.m.

This is our eighty-second year in existence and we feel that the library is very well patronized by the town and the townspeople really seem to enjoy the many new books and magazines.

The Book Mobile made three visits this year. We borrowed over one thousand books and sent directly to the State Library for over one hundred special requests.

A new stereo, records, and a children's phonograph were purchased. A microfilm machine was donated by the School Board. It will give students detailed requirements on any vocation. A new coffee pot is also there ready for anyone to help themselves.

The library was open to all on Old Home Day. Arts and Crafts were displayed by many of our talented townspeople.

Mary Lucy Young and Michele Cole have donated countless hours of their time in the library. They have learned to use the catalog file and do many other chores. Thank you very much girls.

Wednesday mornings are reserved for book borrowing and film programs for the Newington Elementary School and the Great Bay Center.

Books, papers, paperbacks, records and magazines were donated by the following: Ronald Baker, Roger Booth, Dorothy Brooks, Gertrude Connor, Virginia deRochemont, Althea Duffy, Nellie Garland, Louise Hen-

ley, Alison Hill, Lena Kaddy, Jack Mazeau, Thomas McIntyre, Nancy Newick, Newington Neighbor, Mildred Packard, Wendy Packard, Mr. and Mrs. Fred Spinney, Marion Trickey, Gretchen Volz, George Wallace, Lorna Watson, Fred Wolf, and York Writers Club. A special thanks to Warren Witham for the flower arrangements in the urn.

The library is always open to any suggestions and criticisms. Your librarian, as ever, is willing and qualified to aid you.

A library's true usefulness depends upon its ability to serve the people that use it.

THE OLD PARSONAGE

This past year the Newington Historical Society has continued to work on researching and restoration of the Old Parsonage. Three highly qualified experts on early American buildings, furniture, and paintings have viewed the building and contents, and acting in accordance with their suggestions, plans are in progress to restore the front hall where the plaster is in very poor condition.

Once again, in what has become an annual custom, a crafts day was held in August. Mr. Paul Gilman of Durham presented an interesting demonstration of making ornamental iron articles in the manner of the old time blacksmith. At the same time several ladies from town demonstrated other household crafts of the early days.

The collection of toys for the children's room continues to grow with gifts of rocking horses from Mr. and Mrs. John Witham. A doll's bureau and bed were donated by Mrs. Marion Spinney.

According to our panel of experts, the old parsonage is one of the unique buildings in the seacoast area, and is deserving of the care the town gives it. To that end the Historical Society is happy to be of service to the town.

BARBARA M. MYERS

NEWINGTON CEMETERY COMMITTEE

The Newington Cemetery Committee held its annual meeting at 12 noon on Saturday, January 11, 1975, at the Civic Center. It was moved and seconded to accept the budget for the ensuing year as presented by Mr. Olson.

The matter of keeping the cemetery roads open dur-

ing the winter months was seriously considered. However, it was explained that each plowing builds up a bank of snow, and, depending on the severity of the storm, the snow might easily be pushed against the stones. Even with careful and conscientious drivers, some of the stones have been broken in the past. Consequently, it was decided that the cemetery would be plowed only when and as required.

We are hopeful that the snowmobilers will respect the rules pertaining to the cemetery grounds.

There have been complaints about the discarded floral tributes scattered outside the cemetery. In an effort to solve this problem, the superintendent of the cemetery will put up signs indicating areas to be used for this purpose.

DONALD E. BEALS
DOROTHY M. WATSON
ERNEST R. KADDY
Cemetery Committee

HISTORICAL COMMISSION REPORT

The Historical Commission which was established at the Town Meeting of 1974 has been meeting regularly during the past year. Five members were appointed to the commission with Sidney Frink Selectman Representative. Also at this time the First Historical District was established.

The Committee has been considering several landmarks in the area. Namely— Bloody Point which has behind it Trickey-Knight Ferry, Cattle Drive, and the Old Railroad Station. The Railroad Station is a very unique building and the Committee is very interested in repairing the station.

Upon recommendation from the Historical Commission, it is felt this area of Bloody Point should be considered a Second Historic District.

NEWINGTON SCHOOL DISTRICT WARRANT

Election of Officers
1975

The State of New Hampshire

To the Inhabitants of the School District of the Town of Newington in the County of Rockingham and State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Civic Center in said district on Tuesday, the 4th Day of March, 1975, at 10:00 o'clock in the A.M., to vote for district officers:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.
5. To choose an Auditor for the ensuing year.

POLLS WILL NOT CLOSE BEFORE 6:00 P.M.

The foregoing procedure calling for election of your district officers at the annual Town Meeting is authorized by statute (RSA 197:1-a) and was adopted by the district at its 1962 annual meeting.

Given under our hands and Seals at said Newington this 9th Day of January 1975.

NEWINGTON SCHOOL WARRANT

To the Inhabitants of the School District of the Town of Newington qualified to vote in District Affairs:

You are hereby notified to meet at the Civic Center in said District on Tuesday the 4th day of March 1975, at eight o'clock p.m. to act on the following articles:

NOTE: School District Officers are to be elected at the Town Meeting, March 4, 1975, in accordance with the Statutory Election Procedure adapted by the District at its February 24, 1962, annual meeting.

ARTICLE 1: To see what action the District will take in relation to the reports of Agents, Auditors, Committees or Officers chosen.

ARTICLE 2: To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

ARTICLE 3. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents and for the payment of statutory obligations of the District.

ARTICLE 4. To see if the Newington School District will appropriate the sum of \$2,000 as a contingency fund as provided under RSA 198:4-a.

ARTICLE 5: To transact any further business that may legally come before the meeting.

Given under our Hands and Seals at said Newington this 5th Day of February, 1975.

ASSISTANT SUPERINTENDENT'S REPORT

To the School Board and Citizens of Newington:

This is the second annual report since the Newington School District became a part of Supervisory Union No. 52. Although I did not work directly with your district during the last school year, I am very much aware of the good things that happen in your school.

It is my pleasure to report that the teachers and principal of the school are a dedicated group, working harmoniously together to serve the needs of the children of the town. The part-time instructors, aides, cooks and secretary are as equally involved as the full-time people in making the child's work at school a total learning experience.

The citizens of the community should be commended for giving their support to the school. I'm sure that you as citizens are aware of the many different types of learning that are going on within the school. While this is very beneficial to the child, it does create some problems. The main problem is lack of space. If the school is to continue giving almost individual attention to the student in the future, added space will be necessary. A building committee has already been formed but it is doubtful that they will have a finalized plan in time for the District Meeting for the citizens to act upon.

The program at the Portsmouth Junior High has improved during the past year. Your children are receiving the benefits of these changes. The school is still overcrowded but if the Portsmouth School Board adds to the building and the student population of Portsmouth declines as predicted, the Junior High building will be able to offer an outstanding curriculum.

In respect to the addition at the Junior High, the town of Newington may be asked to join Portsmouth in an AREA agreement for grades seven and eight. Such a request may be determined by what happens to the AREA

agreement for grades nine through twelve.

Much talk has taken place concerning the break-up of the Supervisory Union. Another unrelated item that has earned much attention is the dissolving of the AREA agreement and the formation of a high school for the students of that age who come from the present sending towns. It is my opinion that the break-up of the Supervisory Union would not cause a great deal of concern. It might be a little more expensive for the towns but the type of administrative offering as now carried out by the Central Office in Portsmouth would not change.

The breaking of the AREA agreement and the formation of a smaller school would, to say the least, be much more expensive. While the town is paying its share of operating expense to Portsmouth in the form of tuition, it would be much more expensive, per pupil, to operate a small school. This would be especially true if the same curriculum which is offered in Portsmouth were offered for the small school. While it probably is better educationally, it is not mandatory that the Supervisory Union and the AREA agreement boundaries be conterminous.

It is my opinion that the students from the town who are attending Portsmouth Senior High are receiving a well-rounded education. The curricula and extracurricular programs are good but could be better if all students attended school at one time. If the question of a smaller, town operated high school can be settled one way or another, it is conceivable that within a couple of years, regardless of which direction the decision is made, students of this age bracket will be able to attend school at a single session.

It has been my pleasure to have served you during the year. The cooperation of Board members and staff have made my job a pleasant one. I would like to take this opportunity to thank one and all for their help.

JOHN P. BALL
Assistant Superintendent

PRINCIPAL'S REPORT NEWINGTON PUBLIC SCHOOL

To the School Board and Citizens of Newington:

Since reporting to you last year, several changes and additions have been made in personnel, building maintenance and the instructional program. As we describe these, it should be noted that the services begun in years past continually undergo close scrutiny so that the same quality in education remains and the welfare of the students at Newington Elementary is well provided for.

The instructional program continues in an individualized approach to education with materials being used which are suitable to the strengths, interests and levels of students. More difficult learning problems receive additional attention from Title I Project specialists and consultants. Both the educational assistant and speech therapist in this program have had their contract time extended to a complete day this year. The screening of incoming kindergarten pupils, coordinated by the school nurse, has been invaluable in early detection of potential difficulties. This year, an immediate follow-up with parents to explain the results of development exercises was begun to help them understand their child's expected rate of educational growth. More students have become involved in the peer instruction program initiated last year. This means of reinforcing learning with children in the upper grades assisting classmates or younger students, contributes greatly to the learning experiences of all who participate. Inter-age grouping for film presentation and project work has also met with much positive response.

During the year, social experiences have come to the children in various recreational and artistic forms. Some of the more outstanding activities were an excellent musical performance of "The Sound of Music" before approximately 400 persons, and the Music and Gymnastic Show sponsored by the staff of those departments in the

spring. The outing to the Dover Pool with picnic lunches provided by the cafeteria proved highly successful. As guest of the Great Bay School, the Newington Elementary was treated to a performance by the New Hampshire Ballet Co., whose members also returned later to the school to give our students a lesson in the appreciation of this art form.

The hot lunch program has been functioning very well with 90% participation by the student body. On a one-year trial basis, we have enrolled in the federal program which entitles the school to certain financial benefits as well as a quantity of surplus foods when available.

School facilities have undergone certain alterations and improvements for plant and child protection. During the fall, a bicycle path was constructed for the safety of those children who ride bikes to school. A warning light system was installed for the boiler and freezer and a CO² protection device was installed over the stove. A new addition to kitchen equipment was a deep frying unit. Another major expense was incurred for repair of the boiler to correct leaking valves. More recently, the fire chief inspected the fire alarm system, making several recommendations that are being studied. Building maintenance has been contracted to a private concern. At present, the Newington Rug and Janitorial Co. is providing this service. Plans for a major addition to the building were begun but postponed as is stated in the supervisory report.

Parental participation in support of the activities sponsored by the staff and children has been extremely helpful and volunteers have continued to give of their time and energy each week. The disbandment of the PTA was approved by the membership but perhaps in the coming year, a different type of partnership organization will be established. It is our intention to work with interested parents and citizens towards such an objective.

As in the past, the school is open to all the people of Newington. It is in such a real situation . . . with chil-

dren and teachers . . . working together, that one can appreciate the educational advantages you have provided for your children.

Board of Selectmen
Town of Newington
Newington, New Hampshire

We have examined the financial statements of the various funds and the general long-term debt group of accounts of the Town of Newington, New Hampshire for the year ended December 31, 1974, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of such funds and the general long-term debt group of accounts of the Town of Newington at December 31, 1974, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented on pages 7, 11 and 12 are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been compiled from the accounting records which were subjected to the tests and other auditing procedures applied in the examination of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

(Mr.) Irenee R. Lebel
Certified Public Accountant

February 13, 1975

The Report on Examination of Financial Statements is available at the Town Office.
